LEADERSHIP & INVOLVEMENT

Delta Sigma Pi

Active Member, Apr. 2025 – Present

Gamma Sigma Fund – Analyst

Sep. – Dec. 2025

- Collaborated with 15 peers to establish the fund's investment strategy, asset allocation, and operational structure.
- Developed technical analysis frameworks to identify optimal entry and exit points for fixed income securities.
- Analyzed the fixed income sector, evaluating yields, spreads, and macroeconomic factors to guide asset allocation.

Recruitment Committee

May – Sep. 2025

- Selected to serve on an 11-member committee, planning Community Service Night to advance the pillar of service.
- Represented the fraternity during tabling events and conducted candidate interviews to support recruitment efforts.

PROJECTS

Honeywell Takeover Valuation Project

Apr. 2026

- Evaluated Honeywell as a takeover target through peer analysis of profitability and operating metrics, proposing a segment divestiture and \$11.7B share repurchase program projected to reduce diluted shares outstanding by 8.8%.
- Built 5-year pro forma financial statements and performed a DCF valuation using historical financials, management and analyst forecasts, deriving an intrinsic value of \$217.26 per share and identifying initiatives with 18.7% upside.

Microsoft Stock Pitch

Mar. 2026

- Conducted macroeconomic, industry, and competitive analysis on Microsoft, evaluating AI infrastructure demand, pricing power, barriers to entry, and competitive positioning within cloud computing and enterprise software markets.
- Performed fundamental and relative valuation analysis using DCF and comparable company multiples (P/E, EV/EBITDA) to derive a \$400 price target and 8.2% implied upside investment thesis for Microsoft.

Tableau Data Analytics and Visualization Project

Dec. 2025

- Analyzed financial and operational data from 4,700+ FDIC-insured U.S. banks using correlation analysis to identify key drivers of profitability and benchmark performance across institutions within the U.S. banking sector.
- Developed interactive Tableau dashboards visualizing relationships between ROA/ROE and banking metrics including NIM, efficiency ratio, credit risk, loan quality, liquidity, and Tier 1 capital adequacy, enabling analysis across banks.

Investing on a Budget; Financial Podcast, Cohost

Jan. 2024 – Jun. 2024

- Developed a 16-episode finance podcast covering banking, bonds, index funds, options, and macroeconomic topics.
- Scaled audience by 1031% in 3 months through content strategy and Instagram branding, reaching 800+ listeners across 41 countries and conducting an industry-focused interview with a game designer on entrepreneurship.
